

Before anyone else, I first want to thank God for blessing this year's Global Leadership Empowerment Forum 2022 with the title Let Us Fix Our Eyes on Jesus based on the book of Hebrews. Key verse Hebrews 12:2 "Fixing our eyes on Jesus, the pioneer and perfecter of faith. For the joy set before him he endured the cross, scorning its shame, and sat down at the right hand of the throne of God". Through the opportunity God gave me to join the GLEF program face-to-face this year, I can see God's hope for me to become a global leader and a self executive Bible teacher. All praise be to God for blessing me with His word through this program. I have learned many things through group Bible studies led by Shepherd Angela Asiedu and Shepherd Stefan Elsholz, IBS Workshop on the book of Ephesians led by Dr. Petrus Chang, morning 9 Steps Bible Study prepared by mothers of prayer, lectures on inductive Bible study and testimony writing and sharing, IBS on 5 books of Moses presented by second gen leaders, special lectures on biblical preaching by fathers of faith, book reports presented by Isaac Lee, Grace Kim, and Margaret Kim, and Hebrews messages and testimonies by God's precious messengers and testimony sharers. It was a blessed week full of God's word and grace. I will share some of the main points I learned and accepted through this program. Through the group Bible studies I accepted that Jesus understands me and my feelings because He was also a man himself, He faced humility, suffering, and death. I can bring my sufferings to Jesus because He is a caring and merciful high priest. God showed His love to me by giving Jesus to suffer and die for me. I must pay the most careful attention to the message of God's word, so I may not drift away. I really enjoyed and listened carefully to the IBS on the book of Ephesians presented by Dr. Petrus Chang even though some people thought it was... long. I realized how many spiritual blessings I have from God: grace, redemption, forgiveness, chosen, predestined, hope, inheritance, Holy Spirit, and many more. I have to give thanks to God for His blessings and for His people. May I receive the Spirit of wisdom and revelation and may the eyes of my heart be enlightened so I may know God's hope to which He calls me, the riches of His glorious inheritance, and His incomparably great power. I also learned that the relationship between Christ and the church is very important and is in the core of all other relationships with our husband, parents, and masters. May I not walk in darkness but in the light and be God's child of light. Through Ephesians 6:12 "for our struggle is not against flesh and blood" I was reminded that my struggle in this world is against sin and the devil, not people. I should not hate people, but serve them and bring them the Gospel. I like getting into the details of matters, that's why I enjoyed the detailed examination of the word and every word in Ephesians IBS. So, special thanks to Dr. Petrus Chang from me. I pray that I can also read the word like this when I am reading the Bible. I pray that I may apply the word I have learned to my life by living by the word and acting according to the word. Through 9 Steps Bible study I have accepted to follow Jesus like Levi, the tax collector, not to be paralyzed but give thanks to God. I learned that Jesus has the power to change my life like He changed water into wine when I have faith in Him and obey His commands. God, is the creator of everything by His powerful word, He is almighty, caring, systematic, and creative. God is the one who brings light and joy into my life through Jesus. I pray that now, I may practically apply these to my life and fix my eyes on Jesus and have a direction in life to live for God's purpose to call sinners, Mark 2:17 "I have not come to call the righteous, but sinners". I thank Msn. Peter Kim and Msn. Maria Park who helped me write my testimony on Hebrews 7-8, Joseph Lee who faithfully trained the New Jersey UBF choir, mothers of prayer for serving during lunch and dinner, and all members who encouraged me and helped me

during this time. I thank the staff members and organizers of GLEF: Msn. John Park, Dr. Peter Chang, Msn. Sarah Gates, Msn. Peter Kim, Sh. Peter Ryu, Sh. Peter Schweitzer, and more. This program was possible with God's help and their hard work and hope for the second generation global leaders. I thank the praise and worship teams in New Jersey and Bonn UBF for their faithful service to God and pleasant voices. I thank Daniel Gates for preparing the NJ GLEF video yesterday night by himself. Even though we forgot to share sound, it was a good video. And thank you Bonn for your professional video. With God's faith and hope, I pray that I may become a global leader and offer myself to God as His instrument of righteousness.

One Word: Fix my eyes on Jesus and run the race of faith. Amen.
